Dear Mr. Webb —

Herein I enclose (what you have asked for) a memorandum of my account with you, from which you will see that I have now $12.32 in hand of yours. This does not include the Advocate money for the Volume just commenced, which I shall collect in course of this winter — You will know, doubtless, what the money is which McKim has sent us. I do not. —

The Nov. number is just rec'd. I have only had a glance at it, & see it is a strong Disunion document.

By Train & Co's Ship (the S. Carling), which sailed hence a few days ago for Liverpool, I have sent you a parcel containing 2

dozen of our new edition of the U. S. Constitution, &c. with some recent tracts. In compliance with your wish that I should not write in the books, they are all left blank. We would like to have a copy go to each of the following persons from the Exec. Comtee of Amⁿ. A.S. Socy., & the balance you may dispose of as you please. (See next page). The parcel is not directed to anyone in Liverpool, so you will please take the needful steps.

R. D. Webb.
